An Individual’s Opt-Out or a change in Opt-Out status must be communicated to CRISP through a notice in a form and media specified by CRISP and publicized to Individuals as specified in Section 4.02 and will be effective on a prospective basis, promptly upon receipt of the Individual’s notice by CRISP. CRISP will provide reasonable alternative means for an Individual to provide notice to CRISP relating to an Opt-Out or a change in Opt-Out status to facilitate the exercise by Individuals of their rights as to Opt-Out or changing Opt-Out status without unreasonable burden.

d. Information about Individuals who have Opted-Out may not be available for specific Use Cases.

4.02 **Applicable Laws and Exclusion of Certain Data.** Both parties shall comply with Applicable Law as to the use and disclosure of individual patient information, including, but not limited to, the requirements of HIPAA and of applicable state law relating to the uses and disclosures of Data contemplated by these Terms and Conditions, provided that Participant will not provide Data to the HIE as specified in Section 13.02.

A Secondary Use is the use of the Data or the extraction of information from the Data for analytic, predictive or other business purposes, including but not limited to monitoring or analysis of practice or utilization patterns of Participant or Participant Users.

5. Use of HIE and Data.

5.01 Permitted Purposes. Participant agrees that the HIE shall be used only for Permitted Purposes and in accordance with a Use Case. Participant shall require that its Participant Users comply with the foregoing.

5.02 Retention and Re-Use of Data. Recipients shall be responsible under Applicable Law, as well as the terms of the Agreement, for Data received through the HIE and may maintain such Data in accordance with the Recipient's record retention policies and procedures. Recipients may use, re-disclose and deidentify such Data and may create derivative data or incorporate Data into other data, records, or data-bases of Participant, all subject to Applicable Law and any applicable provisions of the Policies and Procedures. After Data is initially received by a Recipient through the HIE and it becomes part of the Recipient's records, other data or databases, such Data shall no longer be subject to the terms of this Agreement and shall be considered to be Recipient's data for all purposes. Recipients shall have no obligation to return or destroy Data received through the HIE in the event of termination or expiration of the Agreement or termination for any reason of the participation in the HIE of the source of Data, whether another Participant or a Third Party Data Source.

5.03 Management Uses. CRISP may reasonably request information, including Confidential Information and/or Data, from Participant for purposes of HIE administration, operations, testing, problem identification, research as to future HIE developments, problem resolution, management of the HIE, and otherwise as CRISP determines is necessary and appropriate to carry out its obligations under the Agreement, Applicable Law or CRISP's agreement with its Exchange Technology Providers. The parties acknowledge that Participant, not CRISP, may be the custodian of Data transmitted through the HIE in accordance with a Use Case for purposes of the Legal Process, in which case Participant will assume primary responsibility and control over the response to the Legal Process, including seeking a Protective Order and that CRISP or the Core Technology Vendor may be the custodian of Data stored in the Master Patient Index, the Physician Address Book or the Registry or retained by CRISP following termination in accordance with this Agreement, in which case CRISP will assume primary responsibility and control over the response to the Legal Process, including seeking a Protective Order. Each party will be responsible for its own costs and expenses as to such a request for a Protective Order. Notwithstanding anything in this Section 5.04, however, nothing shall require CRISP to fail to take action in response to Legal Process in a timely action if the failure to take action could, in the reasonable judgment of legal counsel for CRISP, subject CRISP to contempt, sanctions, fines,

penalties or other sanctions predicated on a failure of CRISP to comply with Applicable Law as to the Legal Process.

6. **Information Access Policies.**

a. Participant will have written policies and procedures for Participant's and Participant Users' appropriate access to and use of Participant's System, including the HIE and/or any portal provided in connection with the HIE under a Use Case, which will include policies and procedures relating to uses and disclosures of Data transmitted through the HIE ("Access Policies") in accordance with a Use Case. Participant acknowledges that Access Policies and Confidentiality Policies will differ among Participants. For the purposes of the Agreement and the HIE, Participant agrees that other Participants may follow their own Access Policies and Confidentiality Policies, subject to compliance with this Section 6 a and in accordance with a Use Case. CRISP is not responsible for Auditing or Monitoring Participants' or Participant User's Access Policies or Confidentiality Policies.

b. CRISP will have written policies and procedures for members of its Work Force specifying appropriate access to and use of Data through the HIE and/or any portal provided in connection with the HIE as required by Applicable Law ("Access Policies") and in accordance with a Use Case. In the event that CRISP becomes aware of any violation of the Access Policies as to Data of Participant, it will proceed as specified in the Business Associate Agreement (Exhibit F), unless the violation is not subject to the Business Associate Agreement, in which case CRISP will proceed as provided for a violation of Confidentiality Policies, as set forth below. CRISP will have policies and procedures which require that members of its Work Force limit uses and disclosures of the Confidential Information of Participant, which shall be consistent with the provisions of Section 15 of this Agreement as to Confidential Information received pursuant to the Agreement ("Confidentiality Policies"). In the event that CRISP discovers a violation of Confidentiality Policies as to Confidential Information of Participant, CRISP will promptly notify Participant, reasonably investigate incident, and take reasonable and appropriate actions to end and/or mitigate the result of the incident, all in consultation with Participant. CRISP will provide Participant with recommendations as to System Requirements, which may be in the form of standard minimum capabilities, and, upon request, will cooperate reasonably with Participant in assessing the compliance of Participant's System with the System Requirements.

9. **Auditing.**

9.01 **Access Logs.** Participant will maintain records of Participant's and Participant Users' access to and use of the HIE in accordance with its usual practices and CRISP will maintain records of it

or members of its Work Force's access to and use of the HIE in accordance with its usual practices, provided that in both cases, the usual practices must conform to Applicable Law and with recognized health care industry standards for electronic medical records systems, including maintaining records such as access logs for a reasonable time. Each party will, upon request, provide the other with information from its access logs if reasonably required for the requesting party to comply with Applicable Law. In addition, Participant will not unreasonably refuse to provide CRISP with a copy of information from its access logs if CRISP demonstrates a specific need for such information relating to the operation of the HIE and CRISP will provide Participant with information from its access logs in accordance with the requirements of the Business Associate Agreement attached as Exhibit F. Information from access logs provided pursuant to this Agreement shall be treated as Confidential Information by the recipient subject to the provisions of Section 15 of these Terms and Conditions unless, as to CRISP, the information is subject to the restrictions and protections of the Business Associate Agreement forming a part of this Agreement as Exhibit F, in which case the Business Associate Agreement will govern.

9.02 CRISP Auditing and Monitoring. CRISP will have the right, but not the obligation, to Audit the operations of the HIE, provided that such right shall not include the right to Monitor Participant's or Participant Users' use of the HIE which right and obligation will be solely Participant's, except to the extent any such Auditing of Participant's or Participant Users' use of the HIE is incident to, or a part of, reasonable monitoring of all Participants for operational and technical purposes related to the HIE, such as producing aggregated usage reports and for conducting auditing processes required by policies and regulations. Information that is obtained by CRISP through an Audit or in the course of Monitoring, including any information provided by Participant which is Protected Health Information, will be Used or Disclosed by CRISP only in accordance with the provisions of the Business Associate Agreement between CRISP and Participant. To the extent such information is Confidential Information, it shall be subject to Section 15 of these Terms and Conditions.

9.03 Cooperation with Participant's Review. In the event that Participant has reasonable and demonstrable grounds to believe that CRISP may be failing to operate the HIE in accordance with the Agreement, then upon prior written notice to CRISP stating the grounds in reasonable detail, CRISP will cooperate with a reasonable review of CRISP's operations to the extent necessary to determine if CRISP is not complying with the Agreement, without prejudice to the other rights of CRISP and Participant arising under the Agreement or otherwise as to any such failure by CRISP. The review will not include disclosure of Data or Confidential Information of other Participants, unless permitted by this Agreement or by Applicable Law. Any information which is not Data and is disclosed by CRISP in the course of such a review will be Confidential Information under these Terms and Conditions. Nothing in this Section 9.03 shall be deemed to be an admission of a breach of this Agreement or of Applicable Law by CRISP or shall require CRISP to waive attorney-client privilege or similar legal or evidentiary privileges, in the latter case, as reasonably determined by legal counsel to CRISP.

10. Amendments and Advisory Board Consultation.

10.01 CRISP Right to Amend the Policies and Procedures. CRISP may amend any provision of the Policies and Procedures, including repealing or replacing any provision, as specified in Sections 10.04 through 10.05. An amendment to a Policy and Procedure will apply to any existing Use Case. For clarity, amendments to the Definitions, Exhibit A, or these Terms and Conditions, Exhibit B, may only be made in accordance with the provisions of Section 10.06.

10.02 Mandatory Prior Consultation with Advisory Board.

a. Prior to making an amendment to the Policies and Procedures, CRISP will provide the Advisory Board and the Participant with a copy of the terms of the amendment in accordance

with Section 21.2, stating whether the amendment is deemed Material or Non-Material, as defined below, and with a summary of the reasons for the amendment. CRISP will thereafter consult with the Advisory Board and, upon Participant's request, with the Participant, about the amendment. In the event that the Advisory Board, applying the standards set forth in Section 10.03 below, disagrees with CRISP's decision that an amendment is Material or Non-Material, the decision of the Advisory Board will govern, unless these Terms and Conditions specify that an amendment will be deemed Material or Non-Material. In addition, CRISP will give due consideration to the input of the Advisory Board as to the need for and the specific terms of the amendment, but the final decision as to the need for and/or the terms of the amendment will be made by CRISP.

b. When approval of the Advisory Board is required under this Agreement for purposes of reviewing secondary uses of data and public purposes other than in connection with an Amendment, CRISP will provide the Advisory Board and Participant with information about the matter requiring approval and CRISP's position on the matter. The Advisory Board may receive comments from Participant, so long as such comments are provided within thirty (30) days of Participant's receipt of a copy of CRISP's notice to the Advisory Board. Within thirty (30) days of providing the notice, CRISP may meet formally or informally with the Advisory Board to discuss the matter requiring the Advisory Board's decision. Within forty-five (45) days of the receipt of CRISP's notice, the Advisory Board shall provide CRISP with its decision in writing, which may accept CRISP's request, accept it with modifications, or deny the request. The decision of the Advisory Board shall be binding on CRISP and Participant. If a CRISP's decision is accepted with modifications, CRISP may, in its sole discretion, decline to implement its request. CRISP shall provide Participant with a copy of the Advisory Board's decision. The provisions of this Section 10.02 b shall not apply when this Agreement specifies that CRISP consult with the Advisory Board. In such cases, CRISP will consult in good faith with the Advisory Board but the final decision is that of CRISP.

10.03 Material and Non-Material Amendments. Unless stated otherwise in these Terms and Conditions, an amendment will be Material for the purposes of this Section 10 if, as to majority of Participants or disproportionately as to specific and identifiable category or categories of Participants, even if not a majority, the amendment can reasonably be foreseen to: (i) have a significant adverse impact on the use of the HIE which would not have been experienced absent the amendment; (ii) require material modification of agreements with Participant Users or vendors or licensors of Participant's System in a way or at a time that would not have been experienced by the Participant absent the amendment and that can be reasonably foreseen to involve substantial effort or expense; or (iii) require material modification of core practices relating to medical information of Individuals or storage and access to patient records of Individuals in a manner that would not have been experienced by the Participant absent the amendment; or (iv) otherwise impose a significant and demonstrable burden not otherwise described above, unless, in all the foregoing cases, the amendment is demonstrably required for compliance by the HIE or Participants with Applicable Law. The specifics of calculation of majority of Participants by CRISP and other aspects of the implementation of this Section 10.03 shall be specified in the Policies and Procedures. Any amendment that is not Material will be deemed Non-Material for purposes of this Section 10.

10.04 Procedure for Amendments.

a. If the amendment is Material, CRISP will provide notice to Participant in accordance with Section 21.2 and through posting the amendment and its effective date on the CRISP Website, in both cases, at least ninety (90) days prior to the effective date of the amendment. CRISP shall allow Participants thirty (30) days from the date of the initial posting of the notice on the CRISP website to submit written comments to CRISP regarding the amendment. Comments are not Confidential Information and may, but are not required to be, posted on the CRISP Website. Within forty-five (45)

days of initial posting of the amendment, CRISP will convene a meeting at a location chosen by CRISP, generally in proximity to the CRISP offices, at which the Participants will be allowed to present comments or objections or suggestions as to the amendment to CRISP. Within sixty (60) days of the initial posting notice of the amendment on the CRISP Website, CRISP shall consider and evaluate both written comments received during the comment period and information presented at the meeting and make any revisions to the proposed amendment that are deemed reasonable and necessary by CRISP, after consultation with the Advisory Board. If CRISP modifies the proposed amendment, the effective date will be extended by an additional thirty (30) days after CRISP posts the modified amendment on the CRISP Website, without further process or comments. In all events, CRISP will provide Participant with a follow-up email notification of the final amendment to Participant's Designated Contact and its effective date a reasonable time in advance of the effective date, normally thirty (30) days, upon its determination by CRISP in accordance with this Section 10.04.

b. If the amendment is not Material, CRISP will provide notice of the amendment to Participant through posting the amendment and its effective date on the CRISP Website at least thirty (30) days prior to the amendment's effective date and the amendment will be effective on the date and terms posted by CRISP on the CRISP Website, without further process. CRISP will also provide contemporaneous email notification to the Participant's Designated Contact of the amendment and the effective date when CRISP posts the amendment on its Website.

10.05 Amendments Required to Maintain HIE Stability or to Comply with Applicable Law. Notwithstanding the foregoing, if an Amendment to the Policies and Procedures or to these Terms and Conditions is required, in the reasonable judgment of CRISP, after consultation with the Advisory Board, to be immediately required for the continued technological functioning of the HIE or to comply with the provisions of Applicable Law, CRISP may shorten the periods of time specified in Sections 10.04 a or b to such period of time as CRISP reasonably determines appropriate under the circumstances, but no less than a total period of thirty (30) days for Material Amendments or a total period of ten (10) days for Non-Material Amendments. In the event of such a determination, the various time periods specified in Section 10.04 a for Material Amendments will be shortened proportionately, if applicable.

10.06 Amendment to these Terms and Conditions. CRISP may amend these Terms and Conditions, as opposed to the Policies and Procedures, only with the written consent of a majority of Participants (determined as set forth in the Policies and Procedures), unless CRISP determines that the amendment is necessary to comply with Applicable Law, and the Advisory Board agrees with that determination, in which case the amendment will be effective after the process set forth in Section 10.04 a for Material Amendments.

10.07 Participant Right to Terminate Participation. If, as a result of an amendment made by CRISP in accordance with this Section 10 to either the Policies and Procedures or to these Terms and Conditions, Participant will not be able to comply with the Agreement and/or the HIE Policies and Procedures as amended, or if Participant does not otherwise wish to continue participating in the HIE after the amendment becomes effective, in both cases whether the amendment is Material or Non-Material, then Participant may terminate its participation in the HIE in accordance with Section 19.02 b, except that such termination shall be effective as of the effective date of the Amendment so long as notice is received by CRISP at least ten (10) business days prior to the effective date of the Amendment, otherwise the termination will be effective ten (10) days after its receipt by CRISP.

11. General Requirements for Participants.

11.01 Participant Users. Participant is responsible for establishing a means to inform its Participant Users of notices, changes, information and restrictions applicable to the HIE under this Agreement. Participant shall require that all of its Participant Users comply with the applicable requirements of this Agreement and Applicable Law and shall promptly take appropriate action in the event that Participant knows, or reasonably should have known, of a violation of the Agreement by a Participant User. CRISP may satisfy the requirements of this Section by entering into a Business Associate Agreement with the third party with the same material restrictions and conditions as the Business Associate Agreement between CRISP and Participant. The foregoing shall not be construed to confer on a party any right to subcontract or delegate any rights or responsibilities under the Agreement except as expressly provided in these Terms and Conditions. Participant Users are not considered Agents or Subcontractors for the purposes of this Section 14.2 but are subject to the other requirements specified in this Agreement, including Sections 6 and Section 14.3.

Such agreement with Participant Users may take the form of Participant's general written policies and procedures

(such as policies and procedures promulgated pursuant to HIPAA), so long as such policies and procedures satisfy the foregoing requirements and constitute an enforceable agreement with Participant Users.

14.4 Accuracy of Data. At the time of transmission, to the best of the knowledge of Participant, the Data that Participant provides pursuant to a Use Case is an accurate representation of all Data contained in, or available through, Participant's System, subject to the provisions of Section 13.02 relating to data subject to special restrictions. 14.6 Use of Data. Participant will use the Data received from the HIE only for a Permitted Purpose in accordance with the provisions of the Agreement, provided that after Data is initially received by Participant through the HIE and it becomes part of the Participant's records, other data or databases, such Data shall no longer be subject to the terms of this Agreement and shall be considered to be Participant's Data for all purposes. The foregoing will not apply to transfers of an Individual's Data to the Individual's PHR, so long as such transfer is a Permitted Use and complies with the CRISP Policies and Procedures.

14.7 Compliance with Applicable Laws. Each party will, at all times, fully comply with all Applicable Laws relating to the Agreement, the HIE, the exchange of Data for Permitted Purposes and the use and disclosure of Data, including, without limitation, the requirements described in Section 13.02.

CRISP has not received an Adverse Determination or a sanction or penalty from any federal, state, local or international regulatory or law enforcement organization finding a violation of Applicable Law related to the privacy or security of Data involving the CRISP HIE. In the event that either party receives formal notice of a proposed Adverse Determination from a body described above, it will inform the other party of the notice and provide relevant details, subject to bona-fide advice of legal counsel as to preservation of attorney-client privilege or other bona-fide legal interests of the party, so that the other party can take appropriate remedial or other responsive action to protect its interests and rights under this Agreement or otherwise. The parties agree that the provisions of this Section apply only to Adverse Determinations relating to Data involving the HIE. No information provided pursuant to this Section will be deemed to be an admission of fault or liability by the party providing it. All information provided by a party under this Section 14.8 a will be treated as that party's Confidential Information under Section 15, and will be subject to disclosure by the receiving party as provided in Section 15.

health care programs or federal procurement or non-procurement programs: Program-related crimes; crimes relating to patient abuse; felony conviction relating to health care fraud; or felony conviction relating to controlled substances. Each party will immediately notify the other if, during the term of this Agreement, any representation or warranty by the notifying party under this Section 14 becomes inaccurate and/or untrue. The receiving party of such notice may immediately terminate this Agreement, on notice to the other party, if the receiving party deems it appropriate.

15. Confidential Information.

a. CRISP and Participant each agree that as a Recipient each will hold all Confidential Information of the other in confidence and will not, during the term or after the termination of the Agreement, disclose to a third-party, nor use for its own business or benefit, any Confidential Information obtained by it from the other in connection with the Agreement unless such use or disclosure is contemplated by the Agreement, is required by Applicable Law, or is agreed to by the disclosing party, subject to Section 15 b below. The Recipient may use and disclose the other party's Confidential Information internally, to members of its workforce or to consultants and advisors who are under an obligation to protect the confidentiality of the information in a manner consistent with the Agreement or where required to comply with Applicable Law. Upon termination of this Agreement, all Confidential Information will be returned to the disclosing party or will be destroyed by the Recipient with a certificate of destruction signed by an officer of the Recipient provided to the disclosing party. Notwithstanding the foregoing, a party may retain one copy of the other party's Confidential Information to the extent reasonably necessary to document matters relating to this Agreement for legal or insurance reasons or for similar purposes; provided that the restrictions of this Section 15 shall continue to apply to such retained copy.

b. If the Recipient becomes aware of any unauthorized use or disclosure of the Confidential Information of the disclosing party, the Recipient shall promptly and fully notify the disclosing party of all facts known to it concerning such unauthorized use or disclosure. In addition, if the Recipient or any of its employees or agents are requested or required (by oral questions, interrogatories, requests for information or documents in legal proceedings, subpoena, civil investigative demand or other similar process) to disclose any of the Confidential Information of the disclosing party, the Recipient shall provide the disclosing party with written notice of any such request or requirement as much in advance of required disclosure as is practicable, along with any available details regarding the request or requirement, so that the disclosing party may seek a protective order or other appropriate remedy and/or waive compliance with the provisions of this Agreement. Notwithstanding the foregoing, the Recipient shall exercise its best efforts to preserve the confidentiality of the Confidential Information including, without limitation, by cooperating with the disclosing party to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded the Confidential Information by such tribunal.

16. Disclaimers.

16.01 Reliance on Data and Other Information. Each party acknowledges and agrees that: (i) any Data and other information provided by, or through, the HIE in accordance with a Use Case is drawn from numerous Participants and other Data Sources that are not under the control or supervision of CRISP or Participant; (ii) other Participants and Data Sources have only represented that, at the time Data is transmitted by the responding Participant or Data Source, the information and Data transmitted is an accurate representation of the Data that is contained in, or available through, the responding Participant's System or the Third Party Data Source's records and (iii) Data provided through the HIE may not include all relevant Data, since, among other things, not all Participant's Data will be in electronic form and Data provided to the HIE is subject to the limitations set forth in Section 4.03. 19.04 Suspension.

a. In the event that CRISP reasonably determines that Participant or a Participant User has materially breached, or is demonstrably and imminently about to materially breach, its obligations under this Agreement and that such breach will or is reasonably likely to, cause Material Harm, as defined in Section 19.04 d, then without prejudice to its other rights under the Agreement or Applicable Law, CRISP may summarily suspend Participant's or the Participant User's right to access the HIE in accordance with a Use Case, pending Investigation, as specified in Section 19.04 e, provided that CRISP will provide such reasonable prior written notice of such suspension to Participant (which may be by email to Participant's Designated Contact) as is deemed reasonable in the circumstances and, if prior written notice is not feasible in the reasonable judgment of CRISP, will provide written notice to Participant as soon as possible following the suspension. In addition, in the event prior written notice is determined not to be feasible, prior to implementing the suspension, CRISP will attempt to contact Participant's Designated Contact by telephone and advise the Designated Contact of the pendency of, and the basis for, the suspension.

b. The event that Participant determines that there is a reasonable likelihood that CRISP has materially breached, or is about to materially breach, its obligations under this Agreement and that such breach will cause Material Harm, as defined in 19.04 d, then without prejudice to its other rights under the Agreement or Applicable Law, Participant may summarily suspend the drawing and use of Participant's Data through Participant's Edge Device in accordance with Section 1.02 b, pending Investigation, as specified in Section 19.04 e. Participant will provide prompt written notice to CRISP of the suspension.

c. The party providing the notice of suspension under this Section 19.04 will provide the recipient with a summary of the reasons for the suspension, in reasonable detail, with the notice.

d. Material Harm shall be: (i) imminent and substantial harm to another person or organization, including, but not limited to, a Participant, a Participant User, CRISP, the HIE, or an Individual; or (ii) a material violation of the provisions of Applicable Law as to Data, the provisions of Section 15 as to Confidential Information, or the Business Associate Agreement attached hereto as Exhibit F.

e. An Investigation will be undertaken promptly and the party subject to the Investigation will reasonably cooperate with the Investigation, subject to advice of legal counsel representing party in order to protect attorney-client privilege or other bona-fide legal interests of the party. The party subject to the Investigation shall respond to the suspension notice with a detailed plan of correction or a detailed objection to the suspension within ten (10) business days of its receipt of the

notice of suspension. If a party timely submits a plan of correction, the recipient will have ten (10) business days to review and either accept or reject the plan of correction. If the plan of correction is accepted, the suspension will be lifted promptly. If the plan of correction is rejected, the suspension will continue, and the parties may negotiate a mutually acceptable plan of correction. In all cases, however, if the parties cannot reach agreement on a plan of correction within thirty (30) business days of the receipt of the notice of suspension or if the party receiving the notice fails to timely respond to the notice of suspension as set forth in this Section, the suspension may be made indefinite, subject to the right of the suspending party to immediately, without further notice and opportunity to cure, terminate this Agreement for cause.

Upon the expiration or termination of the Agreement for any reason, Participant shall cease to be a Participant and neither Participant nor its Participant Users shall have any rights to access or use the HIE (unless a Participant User has an independent right to access the HIE through another Participant) in accordance with a Use Case or otherwise. CRISP shall remove a terminated Participant from the Participant Index and terminate Participant's and the Participant's Users ability to access and use the HIE (except, as to Participant Users, their right to access and use the HIE through a different Participant, if any) in accordance with a Use Case or otherwise. At CRISP's option, CRISP may provide notice of such removal to the other Participants on the CRISP Website.

19.06 Retention of Data on Termination. To the extent a Participant has provided Data or other information to a Recipient (including CRISP), such Data will be merged with the Recipient's Data or the Recipient's other information such that returning or destroying the Data at the termination of the Agreement is infeasible (?). In addition, CRISP and the other Recipients may be required to retain such Data or information for legal or regulatory reasons. Recipients are not required to return or destroy such Data or other information, and may retain it in accordance with Recipient's document and data retention policies and procedures, subject to the requirements of Applicable Laws.

20. Cooperation. Participant understands and acknowledges that operation of the HIE may periodically involve interaction between Participant and CRISP or another Participant's employees, agents and third party contractors, vendors or consultants. Participant shall, without charge or fee (a) cooperate reasonably with CRISP, other Participants and any such third parties with respect to such activities as they relate to the Agreement, subject to Applicable Law and in accordance with a Use Case; (b) provide such information to CRISP, each other Participant or such third parties as they may reasonably request for purposes of activities related to the Agreement, subject to Applicable Law and in accordance with a Use Case; (c) devote such time as may reasonably be requested by CRISP to review information, meet with, respond to, and advise CRISP or other Participants with respect to activities as they relate to the HIE; and (d) provide such reasonable assistance as may be requested by CRISP related to the HIE.

Any assignment that does not comply with the requirements of this Section 21.4 shall be void and have no binding effect.

21.5 Survival. The provisions of Sections 5, 9, 12.02, 13.03, 14.5, 14.7, 14.9, 15 through 18 (inclusive), 21.1, 21.6, 21.7, 21.9, 21.10, 21.14 and any other provision which by its nature survives termination of expiration of this Agreement shall survive the termination of the Agreement for any reason.

21.6 Waiver. No failure or delay by CRISP or Participant in exercising its rights under the Agreement shall operate as a waiver of such rights, and no waiver of any breach shall constitute a waiver of any prior, concurrent, or subsequent breach.

21.7 Entire Agreement. This Agreement (including the Policies and Procedures) sets forth the entire and only Agreement between CRISP and Participant relative to the subject matter hereof. Any representation, promise, or condition, whether oral or written, not incorporated herein shall not be binding on CRISP or Participant.

Nothing in the Agreement shall be construed to create a partnership, agency relationship, or joint venture among or between CRISP, Participant and any or all other Participants. For purposes of HIPAA, CRISP and the Participants are independent contractors and not agents, of each other. Neither party shall have any authority to bind or make commitments on behalf of the other party for any purpose and shall not hold itself out as having such authority. Participant shall not have any authority to bind or make commitments on behalf of another Participant for any purpose and shall not hold itself out as having such authority. No Participant shall be held liable for the acts or omissions of another Participant.

(d) power failures; (e) nuclear or other civil or military emergencies; (f) terrorist attacks; (g) acts of legislative, judicial, executive, or administrative authorities (other than the promulgation of Applicable Laws); or (h) general failures or interruptions of the internet, provided that the party claiming the benefit of a force majeure event shall take all feasible steps to work around or remedy the effect of the force majeure and further provided that force majeure shall not operate to relieve the party of a requirement to maintain safeguards such as a back-up of Data or a Disaster Recovery Plan under Applicable Law and to apply such safeguards to avoid or mitigate the effect of the force majeure event.

21.12 Subcontracting. In the event a party subcontracts its obligations under this Agreement, the subcontracting party shall remain solely responsible for the performance of the subcontractor and for the performance of its obligations hereunder.

CRISP will furnish to Participant, upon request, a certificate of insurance indicating that such coverage is in effect. CRISP shall maintain in effect at all times during the term of this Agreement, the foregoing insurance with a carrier with an A.M. Best rating of A. The terms of this Section 21.13 shall not be deemed to limit the liability of CRISP hereunder, or to limit any rights Participant may have including, without limitation, rights of indemnity or contribution. Participant shall not insure or be responsible for any loss or damage to property of any kind owned or leased by CRISP or its employees, subcontractors and agents.

21.14 DHHS Audits. Until expiration of four (4) years after the furnishing of services under this Agreement, CRISP agrees that the Secretary of the Department of Health and Human Services (the "Secretary") and the Comptroller General of the United States, and their designees or duly authorized representatives, shall have access to all books and records of CRISP pertaining to the subject matter of this Agreement and the provision of services under it, in accordance with the criteria presently or hereafter developed by the Department of Health and Human Services as provided in Paragraph 952 of the Omnibus Budget Reconciliation Act of 1980, 42 U.S.C. Paragraph 1395x(v)(1)(A), et seq. ("OBRA"). Upon request of the Secretary, the Comptroller General, the designee, or the authorized representative, CRISP shall make available (at reasonable times and places during normal business hours) this Agreement, and all books, documents and records of CRISP that are necessary to verify the nature and extent of the costs and the services provided by CRISP and furnished in connection with this Agreement. CRISP further agrees that if CRISP carries out any of the duties of this Agreement through a subcontract with a value or cost of Ten Thousand Dollars (\$10,000) or more over a twelve (12) month period with a related organization, such subcontract shall contain a clause to the effect that until the expiration of four (4) years after the furnishing of such services pursuant to such subcontract, the related organization shall make available, upon written request to the Secretary, the Comptroller General, or any of their duly authorized representatives, the subcontract and subcontractor's books, documents and records that are necessary to verify the nature and extent of the costs of the services rendered thereunder to the full extent required by OBRA.

This includes the restrictions on the Sale of PHI and on its Use for Marketing provided in the HIPAA Regulations. The restrictions on the Secondary Use of Data contained in the Terms and Conditions of the Participation Agreement are also specifically incorporated into this Agreement.

b. Business Associate agrees to use appropriate safeguards to prevent Use or Disclosure of Protected Health Information other than as provided for in Section 2 a. above. If and to the extent Protected Health Information disclosed to, accessed, used, maintained, held, or created by Business Associate is ePHI, Business Associate will comply with the applicable provisions of the Security Standards, by providing Administrative, Physical, and Technical Safeguards for all ePHI and by developing Policies and Procedures implementing those Safeguards.

The steps required of Business Associate under this Section 2 c. shall be at Business Associate’s expense. If Business Associate believes that the facts related to a Breach justify the application of any statutory exceptions specified at Section 13400 of the HITECH Act and to the regulatory exclusions specified at 45 C.F.R. §164.402, Business Associate shall describe those facts in the Breach Notice and the parties shall thereafter discuss the possible application of an exception or an exclusion, provided that any final decision on the availability of an exclusion or exception will be that of the Covered Entity.

d. The parties agree that this Section 2 d. satisfies any notices necessary by Business Associate to Covered Entity of the ongoing existence and occurrence of Unsuccessful Security Incidents for which no additional notice to Covered Entity shall be required, except on request as stated below. For purposes of this Agreement, such Unsuccessful Security Incidents include, without limitation, activity such as pings and other broadcast attacks on Business Associate’s firewall, port scans, unsuccessful log-on attempts, denial of service and any combination of the above, so long as no such Unsuccessful Security Incident results in unauthorized access, use, disclosure, modification or destruction of electronic PHI or

e. Business Associate agrees to use reasonable efforts to mitigate, at its expense, any harmful effect that is known to Business Associate to result from a Use or Disclosure of Protected Health Information by Business Associate in violation of the requirements of the Participation Agreement and/or this Agreement, including without limitation a Breach. Business Associate will coordinate any mitigation efforts with Covered Entity.

f. Business Associate agrees to ensure that any Subcontractor agrees, in a form meeting the requirements of 45 C.F.R. § 164.314, to substantially the same restrictions and obligations that apply through this Agreement to Business Associate with respect to Protected Health Information, including those obligations relating to ePHI. Upon Business Associate's knowledge of a pattern of activity or practice of a Subcontractor in violation of the requirements of the foregoing agreement, Business Associate will provide notice and an opportunity, not longer than a reasonable time consistent with the nature of the breach and the terms of the Service Agreement with the Subcontractor, for the Subcontractor to end the violation. Business Associate will terminate the agreement with that Subcontractor if the Subcontractor does not end the violation within the time specified by the Business Associate.

g. To the extent Business Associate maintains a Designated Record Set for the Covered Entity, Business Associate will make available, within a reasonable amount of time of receipt of a written request, Protected Health Information in the Designated Record Set in accordance with the requirements of HIPAA, including information, if any, maintained in an Electronic Designated Record Set. i. Business Associate agrees to maintain and make available on written request information required to provide an Accounting of its Disclosures of Protected Health Information required for the Covered Entity to respond to a request by an Individual in

accordance with the requirements of HIPAA. At such time as final Regulations or Guidance as to Accounting for Disclosures for purposes of Treatment, Payment and Health Care Operations (“TPO Accounting”) are published, Business Associate will provide an amendment to this Agreement under Section 7 e. to specify the extent and manner in which TPO Accounting Information will be recorded and provided, to be effective as of the date upon which compliance with TPO Accounting Regulations or Guidance is required by Covered Entity.

j. Subject to receiving notice as described in Section 4 b., Business Associate agrees to abide by any restriction on the Use or Disclosure of PHI agreed to by Covered Entity, provided that, in the event of a agreement of Covered Entity required by HIPAA not to disclose an item or service paid for entirely out-of-pocket by an Individual to a Health Plan for Payment or Health Care Operations purposes unless such Disclosure is Required by Law, the parties agree that such information shall be treated by Covered Entity as Data subject to Special Restrictions under the Participation Agreement and will not made available to Business Associate.

k. Upon request, Business Associate will make its internal practices, books, and records relating to the Use and Disclosure of Protected Health Information received from, or created or received by Business Associate on behalf of, Covered Entity available to the Secretary for purposes of determining Covered Entity’s and Business Associate’s compliance with the HIPAA.

l. To the extent that Business Associate will carry out an obligation of Covered Entity under the Security and Privacy provisions set out in Subpart E of 45 CFR Part 164, Business Associate will perform such obligations in compliance with the provisions of such Subpart that apply to the Covered Entity as to such obligations.

3. Permitted Uses and Disclosures of Protected Health Information by Business Associate. Business Associate may Use or Disclose Protected Health Information to perform functions, activities, or services for, or on behalf of, Covered Entity as specified in the Participation Agreement, provided that such Use or Disclosure would not violate the Privacy Rule if done by the Covered Entity. b. Business Associate may Use Protected Health Information to provide Data Aggregation services to Covered Entity to the extent provided for in the Participation Agreement.

c. Business Associate agrees that it will not De-identify any PHI to which it has access under the Participation Agreement except as for a purpose permitted under the Participation Agreement, such as Management Uses and subject to any approvals required for such use under the Participation Agreement or permitted under this Agreement. Without limiting the generality of the foregoing, and regardless of what may be permitted under Applicable Law, Business Associate will not manipulate, aggregate, integrate, compile, merge, reorganize, regenerate such PHI, even if De-identified, or derive from such PHI, even if De-identified, any list, compilation, abstraction, or other information to use for a business purpose of Business Associate that is unrelated to the services Business Associate provides under the Participation Agreement (“Secondary Use”) or allow access to the PHI or any derivation of it to a third party (even if related to Business Associate) for a Secondary Use.

4. Obligations of Business Associate to Inform Business Associate of Privacy Practices and Individual Restrictions.

a. Covered Entity shall provide Business Associate with the Notice of Privacy Practices that Covered Entity produces in accordance with HIPAA as well as any changes to such Notice of Privacy Practices, to the extent that a provision of the Notice will affect Business Associate’s Use or Disclosure of PHI.

b. In order to allow Business Associate to comply with such agreed restriction, such notice will be provided at least fifteen (15) business days in advance of the date upon which compliance by the Business Associate is required under HIPAA.

5. Permissible Requests or Disclosures; Minimum Necessary. Except as specifically provided in the Participation Agreement or this Agreement, Covered Entity shall not request Business Associate to Use or Disclose Protected Health Information in any manner that would not be permissible under the Privacy Rule if done by Covered Entity, except as provided in this Agreement for Business Associate’s Data Aggregation, internal management and administration or legal responsibilities. Without limiting the generality of the foregoing, Covered Entity will provide, and Business Associate will request, no more than, the Minimum Necessary amount of PHI required for the performance of Business Associate’s services under the Participation Agreement. As of the date upon which compliance is required with Guidance regarding Minimum Necessary Uses and Disclosures, Business Associate and Covered Entity will comply with such Guidance. To the extent that an amendment to this Agreement is required for such compliance, Business Associate will provide such an amendment in accordance with Section 7 e.

6. Term and Termination

a. Term. This Agreement is effective as of the Effective Date of Participation Agreement or September 23, 2013 (whichever is later) and replaces any prior Business Associate Agreement between the parties relating to the Participation Agreement. This Agreement shall terminate when the Participation Agreement terminates and all of the Protected Health Information provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is not feasible to return or destroy Protected Health Information, when protections are extended to such information, in accordance with the provisions of Section 6 c.

b. Termination.

i. Upon one party's knowledge of a material breach by the other party of this Agreement, the parties shall proceed under the termination for cause for material breach provisions of the Participation Agreement. Notwithstanding the foregoing, if there is no termination for cause for material breach provision in the Participation Agreement, then the non-breaching party shall provide the breaching party with written notice of the material breach which describes the breach in reasonable detail and the breaching party shall have thirty (30) days from receipt of the notice to cure the breach to the reasonable satisfaction of the non-breaching party. If the breaching party has not done so within that period, the non-breaching party may terminate this Agreement for cause effective on further written notice to the breaching party;

ii. Notwithstanding the foregoing, the non-breaching party may immediately terminate this Agreement if the breaching party has breached a material term of this Agreement and the non-breaching party reasonably determines that cure is not feasible.

c. Effect of Termination.

i. Upon termination of this Agreement for any reason, Business Associate agrees to return or destroy (in a manner that renders the information Secure) all PHI received from, or accessed, maintained, used, disclosed and/or transmitted for or on behalf of, Covered Entity by Business Associate. If, or to the extent that, Business Associate reasonably determines that the return or destruction of PHI is not feasible, Business Associate shall inform Covered Entity in writing of the reason thereof, and agrees to extend the protections of this Agreement to such PHI and limit further Uses and Disclosures of the PHI to those purposes that make the return or destruction of the PHI not feasible until Business Associate returns or destroys the PHI.

ii. Notwithstanding the foregoing, Covered Entity and Business Associate agree that, as provided in the Participation Agreement, Data (as defined in the Participation Agreement to include Protected Health Information) that has been provided to other Participants in accordance with the Participation Agreement is not subject to the foregoing requirements. In addition, Data of Participant that is incorporated into Business Associate's Health Information Exchange Master Patient Index and Registry, in accordance with and as defined in the Participation Agreement, may be retained by Business Associate for purpose of

indexing and record location for records that were made available by Participant prior to termination, subject to extension of required protections under 6 c.i.

iii. To the extent the Participation Agreement specifically deals with the return or destruction of PHI following termination or expiration of the Participation Agreement, the provisions of the Participation Agreement shall govern, so long as such provisions are compliant with HIPAA.

7. Miscellaneous

a. Regulatory References. A reference in this Agreement to a section in HIPAA or the Privacy Rule, the Security Standards, or HIPAA Regulations or Guidance means the referenced material as in effect as of the Effective Date or as subsequently amended as supplemented or implemented.

b. State Privacy or Security Laws. Business Associate will comply with privacy, data security and consumer notification of a breach of personal information laws of the State of Maryland (or of the District of Columbia or other states, if applicable) to the extent required under the Participation Agreement. In addition, Business Associate will comply with applicable state restrictions on storage or transmission of PHI by Business Associate, as known, or as reasonably should be known, to Business Associate.

c. Permitted Charges. To the extent Business Associate takes any action, such as providing information to an Individual under Section 2 g., for which a charge or cost is allowed to be collected under HIPAA or Maryland law, Business Associate may collect such charge or cost from the Individual or from the Covered Entity, as Business Associate determines appropriate in accordance with Business Associate's Policies and Procedures or after discussion with Covered Entity.

d. Other Agreements for Services. To the extent that Business Associate provides services to Covered Entity under agreements other than the Participation Agreement, and such services involve Business Associate's access to, use, creation or maintenance of PHI of Covered Entity as a Business Associate under HIPAA ("Other Service Agreements"), unless the Other Service Agreement specifically provides otherwise or incorporates another form of Business Associate Agreement, the provisions of this Agreement shall apply to Business Associate under the Other Service Agreement and all references to Participation Agreement shall be deemed to refer to the Other Service Agreement.

e. Amendment. In the event that either party believes that the provisions of this Agreement require amendment based on HIPAA, including but not limited to, Guidance or Regulations or other legislative or regulatory changes to the Privacy Rule or the Security Standards occurring after the Effective Date of this Agreement, that party may notify the other party in writing, including of the text and effective date of the proposed amendment ("Amendment Notice"). The parties shall promptly meet and discuss the proposed Amendment and either agree upon it or agree on other mutually acceptable changes to this Agreement responsive to the Amendment Notice. If the parties are unable to agree on the amendment or

such changes, in writing, within thirty (30) days of receipt of the Amendment Notice by the other party, the party providing the Amendment Notice may terminate the Participation Agreement, without cost or penalty, effective on the date on which the proposed amendment was to be effective, as specified in the Amendment Notice. However, the foregoing process shall not apply in the event that Business Associate provides an Amendment Notice that has been approved by the Advisory Board so long as Business Associate provides the Amendment Notice a reasonable time after the Regulatory Change is published in final form and the Amendment is effective as of the date compliance with the Regulatory Change is required by Covered Entity and Business Associate..

f. Survival. The respective rights and obligations of the parties under this Agreement which require or contemplate compliance after termination of this Agreement shall survive the termination.

g. Independent Contractor, Not Agent. For purposes of this Agreement and HIPAA, Business Associate will be deemed to be an independent contractor, and not an agent, of Covered Entity under applicable law, including federal common law.

h. Interpretation. Any ambiguity in this Agreement shall be resolved in favor of a meaning that permits both Business Associate and the Covered Entity to comply with the HIPAA, consistent with the Participation Agreement.
